## From the Village:

### **OFFICE OF THE MAYOR**

Now that March has arrived, we can begin looking forward to Spring and warmer temperatures. It will soon be time to begin gardening and outdoor "spruce up" jobs. Be sure to check out the Park Calendar in this issue for spring and summer activities coming up.

Maryville changed over to new recycle and trash collection containers about 2 – 3 months ago. I have received mostly positive comments about the change. If you are experiencing problems, please contact my office and we will do our best to address any negative situations.

The Maryville Fire Department is looking for volunteers. If you would be interested in serving the Maryville Fire Department, please see the information included in the "Fire Department" section of this issue.

As you may have read recently in the local newspapers, the Village Board of Trustees passed ordinances to increase the water and sewer rates. New rates are shown below.

#### **Water Rate Increases (beginning 4/1/2010):**

##### **Inside Village limits:**

Year	Remaining 2010	2011	2012	2013
Rate per 1,000 gallons	\$3.80	\$4.20	\$4.60	\$5.00

##### **Outside Village limits:**

Year	Remaining 2010	2011	2012	2013
Rate per 1,000 gallons	\$5.65	\$6.35	\$7.10	\$7.95

#### **Sewer Rate Increases (beginning 4/1/10):**

Year	Remaining 2010	2011	2012	2013
Rate per 1,000 gallons	\$4.20	\$4.40	\$4.60	\$4.80

The Village Board also approved changing from bi-monthly billing to monthly billing beginning with readings in April, 2010. This action comes from several years of suggestions from our customers. Many have said that monthly billings would help with personal budgeting. Also in connection with the change to monthly billings, we have instituted two new payment options. Automatic deduction of your bill amount from your checking or savings account has been added. Additionally, water and sewer payments are now accepted (at no cost to the customer) at FCB Banks. Payment options are discussed in more detail in the "Public Works Department" section of this issue.

The 11<sup>th</sup> Annual Mayor's Prayer Dinner will be held on May 6<sup>th</sup> at 6:30 p.m. at the First Baptist Church Maryville. Cindy Winters will be the guest speaker. If you would like tickets, please contact my office or any of the Maryville churches. Tickets are required so that we are able to have a headcount for food ordering/preparation. Profits from the Dinner will be used to benefit the Maryville Ministerial Alliance's Outreach Center.

Congratulations to the 2009 recipients of the Village of Maryville's Employee of the Year awards. Recipients are: Jimmy Goetter – Public Works; Jolene Henry – Administration; Kristin Spaller – Public Safety. Also congratulations to the following employees for reaching 10 years of employment with the Village during 2009: Melissa Bailey, Tom Kanzler and Matt Spaller. These employees were recognized and given awards at our January 20<sup>th</sup> Board meeting. Thanks to all of these individuals for their service and commitment to the Village.

In conclusion, I would like to extend my thanks and congratulations to Village Clerk & Treasurer, Thelma Long. Mrs. Long will be retiring after 39+ years of service to the Village of Maryville. Thelma started with the Village as a crossing guard for Maryville Elementary School when it was located at the current site of our Firehouse. She then worked in the Police Department as a dispatcher and secretary to the Chief of Police and also assisted water customers, accepted water bill payments, sold Village vehicle stickers, and many other tasks. Thelma has served as the Village Clerk and Treasurer for the past 17 years. She has truly been an invaluable asset to this community and the Village's administrative services. Please feel free to stop by between now and April 30 to wish Thelma well and thank her for her many years of dedicated service.

### **2010 CENSUS – IT'S IN OUR HANDS**

Why fill out the census form?

Every household in the country will receive a questionnaire in 2010. To ensure an accurate and fair count of all populations at all geographic levels in the nation, the Census Bureau needs you or someone in your household to respond to the census questionnaire.

- **It's important.** – Census data affects funding for your community, your community's representation in Congress and your community leader's planning decisions.
- **It's easy.** – The census questionnaire takes only a few minutes to answer and return by mail.
- **It's confidential.** – Your responses are protected by law (Title 13, U.S. Code, Section 9). All Census Bureau employees have taken an oath to protect confidentiality and are subject to a jail term, a fine – or both – for disclosing any information that could identify a respondent or household. (For more information, visit [www.census.gov/privacy](http://www.census.gov/privacy)).
- **It's required by law.** – The information you provide is combined with responses provided by your neighbors and other households across the country, to provide summary statistical data that are used by various local, state and federal agencies.

Why is it important?

- **Census affects funding in your community.** – Census data directly affects how more than \$400 billion per year in federal and state funding is allocated to communities for neighborhood improvements, public health, education, transportation and much more. That's more than \$4 trillion over a 10-year period. Spending just a few minutes to fill out your census form will help ensure your community gets its fair share of federal and state funding.
- **Census affects your voice in Congress.** – Mandated by the U.S. Constitution, the census is also used to apportion seats in the U.S. House of Representatives and to redistrict state legislatures.

- **Census affects your representation in state and local government.** – Census data is used to define legislature districts, school district assignment areas and other important functional areas of government.
- **Census informs your community's decisions.** – The census is like a snapshot that helps define who we are as a nation. Data about changes in your community are crucial to many planning decisions, such as where to provide services for the elderly, where to build new roads and schools, or where to locate job training centers.

### **Census Update**

The Census 2010 enumeration operation began this week when the first set of advance letters, mailed to a subset of the Update/Leave households were delivered by the US Postal Service throughout the country. It is expected that there will be about 9.9 million letters received by households in the update/leave areas. Census 2010 questionnaires will begin to be delivered to households in Update Leave areas in just over a week on March 1, 2010. The major field operations phases are described below:

**Update Leave:** Update Leave areas are areas where households do not receive mail directly. They typically receive mail through a Post Office box or to a non-physical address such as a Rural Route/Box # address. Generally, residences without "city-style" street addresses are considered Update Leave areas. Beginning March 1, Enumerators, or Census Takers, will visit these households to hand-deliver the Census 2010 questionnaires and ask the residents to mail it back. If the resident is not home, the questionnaire will be left behind with instructions. As they **leave** questionnaires, they will **update** the Census Bureau's maps, hence the name of the operation, "Update/Leave."

**Mail out / Mail Back:** By mid-March, all other households should receive a 2010 Census questionnaire by regular USPS mail. All questionnaires should be returned to the Census Bureau by April 1, 2010 which is "Census Day."

**Non-Response Follow-up (NRFU):** Shortly after Census Day, Census Bureau Enumerators, or Census Takers, will visit each household that did not mail back a questionnaire. This occurs April to July 2010.

### Life University Spring Classes

#### Wednesdays @ 7 p.m. Starting April 7th

Strengthen your spiritual life through interactive classes designed with you in mind! Life University is an incredible opportunity to gain knowledge and find support for living a Christian life in today's world, no matter how long you have been a believer. Because God has called our church to equip the saints for the work of the ministry, we offer Life U courses year-round, designed to enrich the spiritual lives of adults through the Word of God. God desires for believers to be transformed into the likeness of Jesus. Life U is an awesome tool to help all of us work toward this life-long goal! Classes are free but may carry a small book fee. Free childcare is provided through these activities. For more information about Life U, a list of classes offered, and other Wednesday night activities, you can call the church office (667-8221) or visit our website at [www.FBMaryville.org](http://www.FBMaryville.org).
