**To:** Residents of Lin-Hy Subdivision

**Date:** May 11, 2022

**RE:** Gutter Replacement Project

Dear Residents,

This letter is to inform you that the Village has contracted with Kinney Construction to remove and replace the existing gutter throughout the subdivision. This work is expected to begin on or around May 19, 2022 with saw cutting and removals.

The Contractor's superintendent, Seth Yates, will be communicating with you on a daily basis regarding when they will be working directly adjacent to your driveway. During this phase of construction, access to your driveways may be difficult during the workday. If you cannot get into your driveway during the workday, we will try and accommodate you the best we can.

No parking along the roadways will be allowed between the hours of 7:30 a.m. to 4:30 p.m., Monday through Friday. Driveway access should not be a problem between the hours of 4:30 p.m. to 6:30 a.m.; however, alternate parking will be provided for any driveways that may not have access.

This phase of the work is expected to be completed by the end of June weather permitting. Upon completion, another contractor will be following up with paving of the roadways.

We sincerely appreciate your patience during this project. If you have any questions or concerns, please contact our site superintendent at (618)781-0713 or Bob Keplar with the Village of Maryville at (618) 345-7028 extension 2326 as primary contacts. As a secondary contact, you may call Adam Jones with Juneau Associates at 618-781-2504.

Respectfully,

The Village of Maryville

By N. Craig Short, Mayor
